TOP TRUMPS

All of your favourite Cardiff Blues players are now your top trump cards!

Top trumps can be played by any number of people which is what makes it really fun.

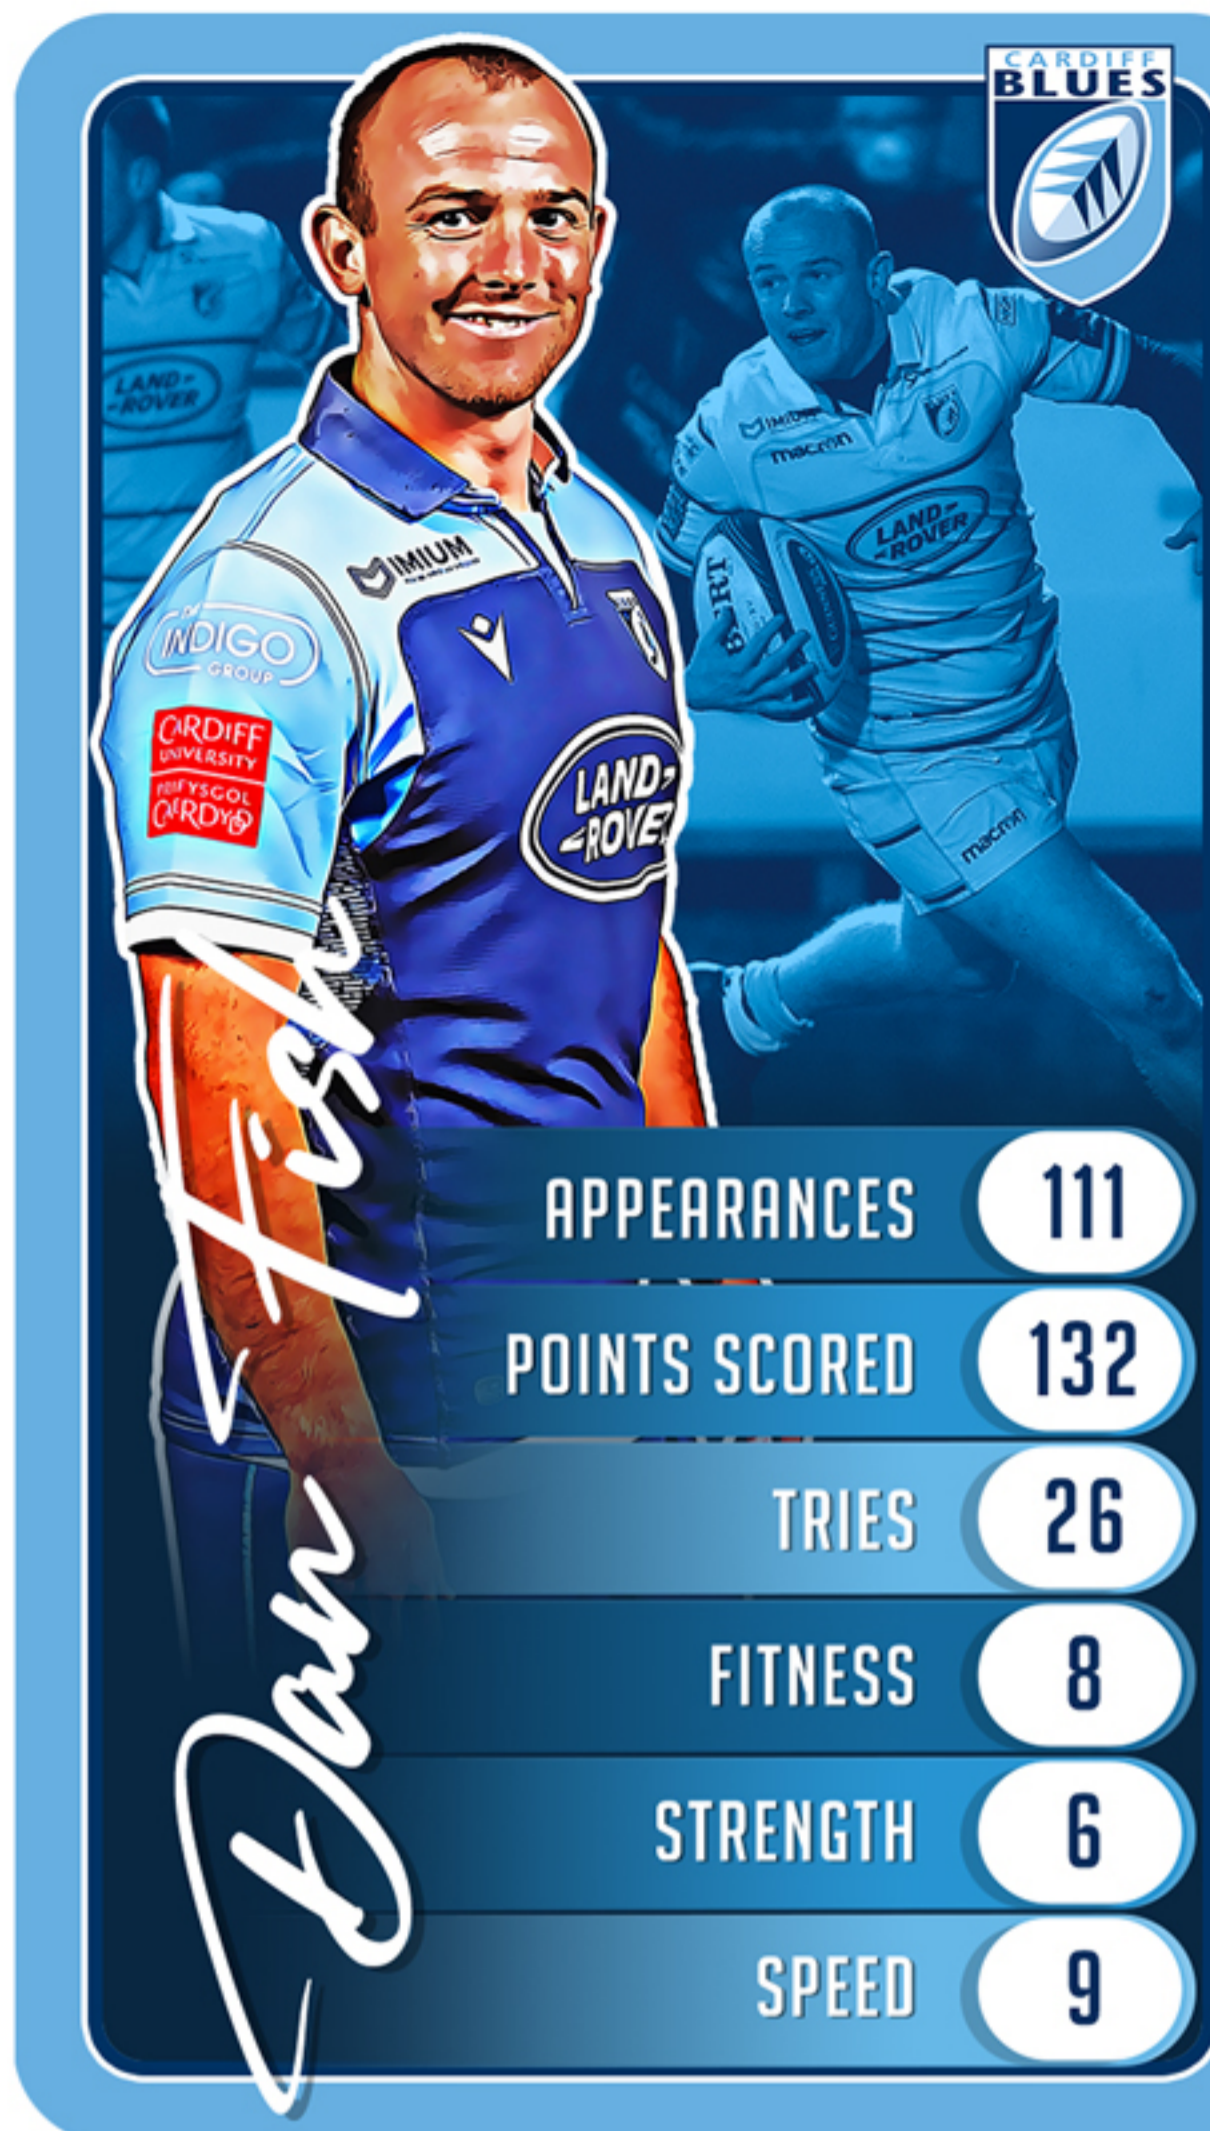

First you need to shuffle all the cards and deal them to all the players face down. Each player will pick up their cards but is only allowed to look at their top card.

The game starts by someone reading out a category on their card, for example number of appearances, and all players then read out the values for that category on their card. Whoever has the highest value wins and collects everyone's top card and then moves them to the bottom of their pile.

It is then their turn again to choose a category from the next card at the top of the pile.

If two cards have the same value then they are placed down in the middle and the same person takes another turn. Whoever wins that turn wins the cards before as well.

If you have all the cards at the end of the game then you are the **WINNER!**
